**CONSENT TO USE MY MATERIALS**

'My materials' means:

- personal information about me (including my name, age, and location)
- stories and quotes provided by me
- photos, videos, or sound recordings in which I appear.

I give my consent for the Disasters Emergency Committee (henceforth referred to as the DEC) to broadcast, distribute and otherwise use my materials in its own communications in all formats (print, online, and any other media).

I also give my consent for the DEC to provide my materials to other organisations, persons or groups that DEC partners with, including member charities, corporate partners and the Emergency Appeals Alliance (EAA), for them to use to demonstrate the work of DEC and its partners.

I agree that:

- my materials may be used as described above, anywhere in the world and at any time, now and in the future; and that
- the DEC and/or its partners may use my materials without notifying me, or seeking my further permission, or making any payment to me.

I understand that if the DEC receives money or other value for my materials, the DEC will use this in its work to help people in humanitarian need.

I confirm that my materials have been collected with my knowledge and consent.
